 **Next Generation Science Standards Community Informational Meetings**

Please join us for an evening of information about the new California Next Generation Science Standards. We will be discussing the shift in instruction and learning.

- Our state has adopted new standards based on the Next Generation Science Standards (NGSS) because we understand that a robust science education in middle school will pave the way for increased opportunities in high school, college, and future careers.
- The California NGSS enable our teachers to offer all students interactive science instruction that promotes analysis and interpretation of data, critical thinking, problem solving, and connections across science disciplines-with a high set of expectations for achievement

 **Stress-Less Workshop Before Finals**

Counselors will be hosting a stress-less workshop where students can learn skills to de-stress before finals. This workshop will be held during ACCESS on December 5th, 6th, 12th, and 13th in the annex and is open to all students.

 **Alateen Meeting will be held during ACCESS period beginning 2/2019**

Alateen group meetings will be held during ACCESS period beginning in February. Alateen is a mutual support program for teenagers whose lives have been affected by someone else's drinking. By sharing common experiences, families and friends of alcoholics can bring positive changes to their individual situations. We have found that many students in our district are carrying the stress of how to deal with family members or friends who are abusing drugs. This would be a free and easily accessible way for them to get support. If your student is interested and/or you feel like it can be beneficial for your student, please contact your students' counselor.

AVHS PTSA has planned a number of College Preparatory Workshops throughout the 2018-2019 school year. Events are open to all students, regardless of the event location. For the upcoming events, click on the event name to download the flyer with the event details and the application form.

We are all in this together. No one fights alone.
Angst has been screened in over 1000 locations spanning 20 countries.

You get a common cold, no big deal. Your cold gets worse, you now have pneumonia, what do you do? Of course you go to the doctor. Why do we treat anxiety different? You experience mild anxiety due to an upcoming test, no big deal. Your anxiety gets worse, you are now isolated in your room and withdrawn from your friends, what do you do? Too often we do nothing and say nothing. We all have anxiety, but how much is too much?

Join us **Monday, December 10th, 2018 from 6:30pm to 8:00pm at CrossWinds Church** in Livermore for a screening of 'Angst' and then, Let's Talk About it. This event is made possible by the Tri-Valley community in memory of Zachary Nimmo. Zachary had a zest for life, was liked by everyone and always put others ahead of his own needs, but Zachary suffered from severe anxiety. What was not know was the severity of Zachary's anxiety. Without an understanding of anxiety, Zachary was referred to as shy, or experiencing teen hormones; It was anxiety. He began to withdraw from his friends; it was anxiety He stopped participating in team sports; It was anxiety. He spent most of his time alone; It was anxiety. He was seeking medical and psychological help, but it was too late.

On December 10th, let's make a commitment. In Zachary's honor, let's start the

conversation about anxiety and keep it going. If you feel you are experiencing anxiety, say something; if you see a friend experiencing anxiety, say something, don't let a minor anxiety issue become something dangerous, say something.

 **IMPORTANT HOLIDAY 2018 MESSAGE FROM STUDENT SERVICES:**

Are you planning a family trip for the holidays? As you think about your arrangements, we want to stress the importance of sending your child to school every day possible. Each year, absences spike in the weeks before and after the winter holiday as families squeeze in a few more vacation days. It's time to reconsider that cycle. We know that just a few missed days here and there, even if the absences are excused, can add up to too much lost learning time and put your child behind in school. This is as true in kindergarten as it is in high school. Simply stated, too many absences at any age can affect a student's chances for academic success and eventual graduation.

We recognize that holidays are an important time for reconnecting with families near and far. Keep in mind, however, the impact on your children's education if they miss too

much school- and the message you will be sending about the importance of attendance. Even if students have an Independent Study contract from their teachers, it doesn't make up for the interaction and learning that happens in the classroom. Our teachers will be teaching and our students will be learning right up to the start of the Thanksgiving and Winter breaks and the first day class is back in session when returning from these breaks. You can help us convey that message. This holiday season, give your children the gift of a complete education including the practice of regular and timely attendance.

We at Student Services wish you and your family a wonderful holiday season!
